

Dyad: *What brings you here? Why do you want to be part of this project?*

Leadership is taking responsibility for what is important to you.

What is important to you in regards to your students' mathematics learning?

Leadership as a Preceptor:

Have a vision and communicate it.

Act with integrity - speak up and act on what you believe should happen for students in schools.

You must do the thing that you think you cannot do. Eleanor Roosevelt

Use structures that enable each beginning teacher with whom you work to develop their own understanding, and to think more clearly about their students and their mathematics classroom.

Support, encourage and develop the leadership of others, particularly those whose background and experiences are different from yours.

Dyad: *Which of these is the most challenging for you and why?*
